The company will be organized in such a way that the cooperation partners only get their money if it has been taken from the customers in order to ensure sufficient liquidity consistently. The other cost parameters in particular marketing, rental and travel costs are also planned so that no further borrowing will be necessary. The company will be able to expand siness slightly due to its already well-functioning operations, as it already has enough know-how and operational infrastructure. Driven by the right investments in marketing, sales will increase rapidly.CapitalThe Managing Director brings \$XXXX (USD) as capital into the company. In addition, debt financing will be sought, sought.
